New Richland Care Center
March 2015 Newsletter
From the Desk of the Administrator!

I would first like to congratulate Marnie Jansen-Studnicka for being selected as our new Director of Nursing. She will begin her new role within the next 4-6 weeks as we need to fill her old position of MDS Coordinator/Nurse Manager. In the interim, Paulette Wulff will fill the role of Director of Nursing.

During this time of year it seems like winter will never end. How nice it feels to get a towel or blanket right out of the dryer still warm and fluffy.

Our residents will soon know that feeling; the Advisory Board and City Council have approved the purchase of 2 towel/blanket warmers. It touches my heart when I think about how the residents will react when they are dried off with a warm towel after being bathed or when they request a blanket on a winter night and are given a comforting warm blanket.

The willingness of the Advisory Board and City Council to pay attention to small details in order to provide a supportive environment for each resident is what sets the New Richland Care Center apart from other care facilities.

As we enter 2015, we are encouraging staff to let us know what they believe will assist us in providing the best care possible, the towel/ blanket warmer is a result of one of the responses.

In addition we have started a staff stability committee that is open to all staff and is a safe place where thoughts and concerns can be expressed and discussed.

Our goal is to make NRCC the employer of choice and provider of choice for skilled and rehabilitation care.

I wish to thank everyone for their contributions in moving us forward.

Introducing Our New Director of Nursing

My name is Marnie Jansen-Studnicka and I would like to introduce myself as the new Director of Nursing for the New Richland Care Center (NRCC). I have been a RN for the past 11 years. I decided to go into a healthcare profession after watching my own Grandfather's struggles with aging and having to be placed in a care facility. I am a 2004 graduate from Rochester Community and Technical College, AD Nursing Program. In my past I was a CNA and I have held multiple positions in different areas of nursing including Geriatrics, Medical/Surgical, Mental Health and Home Health. At NRCC I have held 2 other positions including overnight Charge Nurse and 200 Hall MDS Coordinator/Nurse Manager. Outside of work I enjoy being with my family camping, boating and working hard on our hobby farm. I am looking forward to leading a wonderful team, making NRCC the best experience for all the Residents and their loved ones at this special stage in their lives.

Important Information—With Easter fast approaching we thought it would be appropriate to include the following policy with this newsletter.

New Richland Care Center Easter Lily Policy—The New Richland Care Center strives to achieve a warm and comfortable environment for all people in the facility including residents, employees, and visitors. The "Easter Lily" is many times given as a gift or placed throughout one's home as a symbol of the Easter holiday. However, due to severe allergies many residents and employees suffer with because of the Easter Lily, we do not allow family members or visitors to bring Easter Lillies into the Care Center at any time.

If a visitor does bring a Easter Lily in we reserve the right to either dispose of the Lily or to ask the visitor to bring it back out to their car due to resident and employee well-being and comfort.
Thanks

SPECIAL REMINDER—According to regulation, staff and volunteers are not allowed to accept gifts of any kind from a resident or their family. Bringing in treats for staff to share is acceptable. Thanks
