

At this time we do not have any cases of Corona Virus in our facility. The Centers for Disease Control and Prevention (CDC), Minnesota Dept. of Health, and CMS (Medicare) have recommended a variety of steps that we are implementing to help reduce the potential for the virus to enter our building.

At this time, we request that family and friends do not visit the center. We are limiting all visitors to our facility unless absolutely necessary. We are actively screening all individuals, including staff, who need to come into the building.

We understand that connecting with your loved ones is incredibly important, and there are a variety of other ways you might consider communicating with them. These may include telephone, email, text, video chat, or social media. If you believe a visit to the Care Center is necessary, we request that you contact Tammy Busho @ 507-465-3292 M-F 08:00AM-4:30PM.
